

COLORADO RED

PREMIUM INFIELD MIX

***Blended for Colorado Climate & Conditions
For, Safe, Consistent, and Easy to Maintain Infields!***

Provides firm, yet resilient, playing surfaces;
Absorbs water and drains very well without becoming muddy when wet;
Retains the right degree of moisture to create a resilient top cushion without being loose or dusty in dry weather;
Provides true and consistent playing surfaces without large pieces that cause bad hops or unsafe sliding.

INFIELD CONDITIONERS/TOP-DRESSINGS

Incorporate into existing clay to condition and improve playing surfaces. Improve drainage, yet soften and add resilience to top playing cushion.

PITCHER'S MOUND & BATTER'S BOX CLAY

Extra firm clay for pitcher's mounds and home plate areas. Available in bulk or bags.

1/4" RED LAVA TRACK

Firm yet crunchy, red warning tracks with excellent drainage and low maintenance to warn players of the fence or wall. The finishing touch to great ballfields!

EXCELLENT SOLUTIONS FOR CREATING SAFE, CONSISTENT, AND EASY TO MAINTAIN COLORADO BASEBALL & SOFTBALL DIAMONDS!
